

Pool Decks

CR-Pool Decks solutions provide anti-slip texture designed to reduce accidents on wet surfaces. CR-Pool Decks can be applied to meet your specific request: style, look, color or texture. The end result is a durable and minimal maintenance custom surface.

Today's pools are an extension to the home's interior. Our quality products will enhance the beauty of your home and provide you with a custom solution that you can be proud of.

What separates CR-Pool Decks from other similar products? It's simple -our experience. Keefe uses only the best products. Whether using our CR-Heritage Collection or traditional Pool Deck systems, Keefe can blend existing surfaces surrounding your pool (like patios, walk ways, etc) without having to redo existing areas. Being creative in order to be cost efficient is important to us.

CR-Pool Decks provide the confidence and proven results that consistently meet the quality expectations of our team and trusted clients.
